|----|--|--------|
| 6 | Have any personal testimony of those claiming to have seen grounded saucers and live crews any value? | |
| | a) MacDonough | |
| | b) Steep Rock Miners | |
| | c) Mayor of German town | 5000 |
| 7 | What effect have opposing explanations as to their unreality by distinguished specialists and scholars had on Scully's explanations as to their reality? | |
| | a) Liddel | |
| | b) Menzel | |
| | c) Shapely | 6000 |
| 8 | Why are rockets accepted and flying saucers not? First, because rockets were conceived on this earth, whereas the generally accepted view is, if they exist at all, flying saucers originate elsewhere. Second, the rocket is an effective military weapon. The V2 all but knocked out the British in World War II. We now have most of the Germans who worked on them in our hire and they are selling Trips To The Moon as romantic decoys for the further military development and effectiveness of rockets, which to the proponents of magnetic propulsion is like selling buggy whips to the automotive industry. | |
| | a) Observe Collier's splurge on "Man Will Conquer Space Soon" by Van Braun, Ley, Klep, Haber, Schacter, Kaplan, et al, in March 22, 1952 issue. | |
| | b) Observe the frequent "scientific" pitches in other magazines, newspapers and books. | |
| | c) Reduce to its proper proportions this psychic putsch for rockets to the moon, as opposed to flying saucers from elsewhere. | 10,000 |
| 9 | What are other views on flying saucers? Their reality? Their threat? Their friendliness? | |
| | a) Theologians | |
| | b) Astronomers | |
| | c) Mathematicians | |
| | d) Industrial scientists | |
| | e) Non-professionals | 5,000 |
| 10 | Conclusions | 2,000 |
| | Total | 54,000 |
| | Appendix. Post-Fortean File of Sightings since 1950 | 20,000 |
| | Grand Total | 74,000 |

Chapter

1 ~~Narrative~~ Documentary book type of opening, showing ~~in~~ Life, N Y Times ~~and~~ Air Force reports ~~etc.~~, how conservative opinion has moved in two years from ridicule in the reality of flying saucers to an acceptance ~~by 1952~~ of the presence of ~~one~~ ^{hundreds} of these unidentified objects. 3000

2 Digest of the main contentions of Behind The Flying Saucers to see how well or ill they have stood up under fire. 4000

3 What have unfriendly critics ~~done~~ to knock down the positions taken in Behind The Flying Saucers?

- a) TV jousts with Wheeler and Air Force advisors.
- b) Gelatt and The Saturday Review of Literature
- c) Considine and the Hearst Press
- d) Cahn and True Magazine

4 What friendly critics have done to support the promises of Behind The Flying Saucers ~~in flying saucers~~ strengthen belief in flying saucers 5,000

- a) Heard
- b) Arnold
- c) Keyhoe
- d) Adamski

5 What remains unattacked or undisturbed in the controversy? Chiefly the theory of Magnetic Propulsion. What is new about the theory since first advanced? How does this compare with what was known 400 years ago? Fifty years ago? 5000

6 Look effect the publications of distinguished scholars have had on the flying saucer controversy?

2 Outline of Scully's THIS SIDE OF SAUCERS

47

What effect have ~~opposing~~ explanations ~~as to their unreality by~~ distinguished specialists and scholars had on Scully's explanations ~~of flying saucers as to their reality.~~

a) Liddel

b) Menzel

c) ~~Wernher~~ Shapely

6000

Why are rockets accepted and flying saucers not? First, because rockets were conceived on this earth, whereas the generally accepted view is, if they exist at all, flying saucers originate elsewhere. Second, the rocket is an effective military weapon. The V2 all but knocked out the British in World War II. We now have most most of the Germans who worked on them in our hire and they are selling trips To The Moon as romantic decoys for the further military development and effectiveness of rockets, which to the proponents of magnetic propulsion is like selling buggy whips to the automotive industry.

a) Observe Collier's splurge on "Man Will Conquer Space Soon" by Van Braun, Ley Klep, Haber, Schacter, Kaplan, etc in March 22 1952 issue.

~~Step 1~~ b) ~~Retire~~ ~~frequent~~ ~~or continue~~ "scientific" pitches in other magazines, newspapers and books.

~~Step 2~~ c) ~~Reduce~~ Return to its proper proportions this psychic putsch for rockets to the moon ~~as opposed to~~ 10,000 flying saucers from elsewhere

What are other views on flying saucers? Their reality? Their threat? Their friendliness?

a) Theologians

b) Astronomers

c) Mathematicians

d) Industrial scientists

e) Non-professionals

5000

10

Conclusions

Total
